Our verbal and written advice relating to technical applications is based on experience and is correct to the best of our knowledge, but is given without obligation. The use of Exasa decor products in conditions that are beyond our control or for applications other than those specified releases us from any obligation in regard to claims made in respect of the products. We recommend that the suitability of any Exasa decor product for the intended application should be checked. Utilisation and processing of our products are beyond our control and are therefore exclusively your responsibility. In the event that a liability is nevertheless considered, any compensation will be limited to the value of the goods supplied by us and used by you.

Our warranty assumes consistent quality of our products in accordance with our specification and in accordance with our general conditions of sale. We recommend application of Exasa sheets through manual glue roller or A3 notch trowel for consistent uniform glue application.

PRODUCT CHARACTERISTICS

HIGH THERMAL STABILITY

EXASA is superior to other highly durable products when heat tested.

SCRATCH RESISTANCE

EXASA has strong scratch resistance comparing to other resins so it has strong surface-hardness.
